

PRESS RELEASE

Interroll selects Quintino Material Handling Solutions as local partner for Interroll Drum Motor service in Argentina and Uruguay

Sant'Antonino, Switzerland/Buenos Aires, Argentina, April 27, 2020. Interroll and Quintino Material Handling Solutions, a member of the Rolling On Interroll partner network, are joining forces to provide technical service and assistance in the Argentinian and Uruguayan markets. The exclusive cooperation covers repair and spare parts services for Interroll Drum Motors.

The Quintino repair center is located in San Martín, Buenos Aires, where its technical experts provide after sales service for Interroll drum motors.

“We are pleased to announce that Quintino supports Interroll as our official drum motor repair service in Argentina and Uruguay. Together, we enable our after customers to achieve maximum availability in their material handling with by providing quick support close to the market,” says David Cabado, Service Manager at Interroll Spain.

Quintino Material Handling Solutions has been in the market for 25 years with a proven track record in intralogistics and process automation in airports, retail, e-commerce, food and beverage, nonfood, third- and fourth-party logistics, parcel and postal, chemical, household and personal care and pharmaceuticals, among other sectors.

“Having official local assistance is a real value add for companies that are dependent on the performance and availability of their material handling. Our service cooperation with Interroll helps to ensure continuity to conveyor lines and supports project life cycles in a more agile way and with availability of solutions,” says Marcelo Marciano, CEO of Quintino Material Handling Solutions.

About Quintino

QUINTINO MATERIAL HANDLING SOLUTIONS has provided service for each step of intralogistics and flow process projects for 25 years, for many different industries, including food and beverage, nonfood, pharma, retail, third- and fourth-party logistics, parcel and postal, airports, chemical, and household and personal care. QUINTINO makes solutions come true, from turnkey solutions to modernization of operations and areas. QUINTINO offers its customers a broad range of services, from analytics, design and development, to simulation, construction, assembly and life cycle projects.

About Interroll

The Interroll Group is the leading global provider of material flow solutions. The company was founded in 1959 and has been listed on the SIX Swiss Exchange since 1997. Interroll supplies system integrators and plant manufacturers with a wide range of platform-based products and services in the following categories: "Rollers" (conveyor rollers), "Drives" (motors and drives for conveyor systems), "Conveyors & Sorters" and "Pallet & Carton Flow" (flow storage systems). Solutions from Interroll are used in express and postal services, in e-commerce, in airports, in the food and beverage, fashion and automotive sectors, and in many other industries. The company is used by leading brands such as Amazon, Bosch, Coca-Cola, DHL, Nestlé, Procter & Gamble, Siemens, Walmart and Zalando. With its headquarters in Switzerland, Interroll has a global network of 32 companies with a turnover of CHF 559.7 million and 2,400 employees (2019).
